PRINCE OF WALES' ROYAL INDIAN MILITARY COLLEGE, DEHRA DUN.

No. 2.—(1) In connection with the admission of candidates to the Prince of Wales' Royal Indian Military College, Dehra Dun, the following information is published for the use of intending candidates.

The College provides a public school education on English lines for Indian and Anglo-Indian youths who desire subsequently to enter the Cadet Colleges in England with a view to obtaining Commissions in the Indian Army. It is intended for those who wish to make the Army their profession in life. The course of study at the College will, however, be such that, should a boy fail in the Army and Air Force Entrance Examination, he will be in as favourable a position for entry to a university as if he had been educated at an ordinary school.

(2) Candidates will be selected from unmarried Indian and Anglo Indian boys of—

(*a*) Provinces of British India;

(*b*) Indian States.

Nominations will be made by His Excellency the Commander-in-Chief on the recommendation of the Local Government or Administration or the Political officer, as the case may be.

(3) Candidates must be under 13 and over 11 years of age on the 1st December 1930.

(4) Candidates should attach to their applications a medical certificate from the Officer Commanding a British or Indian Station Hospital or a Civil Surgeon to the effect that they are physically fit in all respects in accordance with the Appendix A to this notification.

(5) The fees will be Rs. 1,500 for each school year and are liable to enhancement hereafter, if circumstances require. The fees payable by candidates who are sons of Indian officers of good service will be determined by His Excellency the Commander-in-Chief in each particular case. These fees will include tuition, messing, school servants

washing and mending and medical attendance of the ordinary kind, and, as initial provision, one suit of the uniform to be worn by students when at the College.

In the event of it becoming necessary for cadets to be admitted into a civil hospital, all charges incurred will be borne by the parents or guardians of the cadets.

A full term's notice is required to be given of intention to withdraw a cadet from the College. In the event of such notice not being given, the parent or guardian will be required to pay one full term's fees in lieu, unless it is considered that the circumstances in which the cadet was withdrawn are such as to call for special consideration.

(6) Parents or guardians of candidates are required to attach to the applications a declaration in the following form:—

"I, _____ father / guardian of _____, a candidate for admission to the Prince of Wales' Royal Indian Military College, Dehra Dun, having made myself acquainted with the fees payable at Dehra Dun, and, subsequently, at the Cadet Colleges in England (vide paragraph 57 of 'Provisional Regulations respecting admission of Indian gentlemen to the Royal Military Academy, Woolwich, the Royal Military College, Sandhurst, and the Royal Air Force Cadet College, Cranwell, as reconstituted by Amendment No. 5 of 1939)' am able and willing to pay the prescribed fees and meet the incidental expenses.

2. I also understand that, in the event of my son / ward not adopting the Indian Army as his profession for reasons *within his control or mine*, I shall be required to pay the full cost which Government may have incurred on his education at the said college.

Signature of parent

(7) Entry to the College will not be open to candidates who are already married, and parents or guardians of candidates are required to furnish a declaration in the following form:—

"I _____, father / guardian of _____, a candidate for admission to the Prince of Wales' Royal Indian Military College, Dehra Dun, hereby declare that my son / ward is unmarried and that he will remain a bachelor whilst at the College and until he has completed, subsequently, a course at one of the Cadet Colleges in England.

(8) One general mess will be maintained. All students will be required to mess together. Special care will be taken that no food is served in the mess which could in any way offend the religious susceptibilities of any student.

(9) All applications should be submitted to the Private Secretary to His Excellency the Governor of Madras, Madras Governor's Camp, not later than the 15th November 1930 in the form below. No applications received after the 15th November will be considered.

Candidates are also informed that they must bring their drawing instruments with them for those subjects which require plans to be copied or scales and diagrams to be drawn. The drawing paper required will be supplied to them at the examination.

Candidates in *Surveying and Levelling* (*Higher Grade only*) and in Hydraulics and Irrigation works (both grades) will be allowed to bring with them their mathematical tables for use in the examination.

Candidates in the subjects, the practical examination in which requires the use of tools, etc., must bring their own tools, etc., with them.

Candidates in Drawing, Design, Painting, Modelling and Engraving should provide themselves with all necessary materials for the examination, except the material to be worked upon, viz., paper, canvas, etc., which will be supplied. They will not be permitted to have with them any other articles than those allowed by the regulations for the examinations in the different subjects which are as follows:—

(2) Drawing paper for the examinations in which tempera or water-colours are used should be properly stretched a day or so previous to the examination. For the Design and Painting examinations candidates will be allowed to make the rough outline drawing on separate paper and transfer it to the stretched paper, but under no circumstances will they be allowed to use a ruler in the Painting examination.

Modelling (*both grades*).—Modelling tools, plumb line, compasses, water-sprinkler, foot-rule, set squares, sponge.

Engraving (*both grades*).—Gravers of various kinds, eye-glass, mirror, pencils, knife.

Candidates in *Shorthand* will be allowed to transcribe their shorthand notes with a Typewriter. They will not be supplied with any 'thick' paper for the purpose, but will be allowed to bring with them their own 'thick' paper, if they wish to use such paper. The use of carbon paper will on no account be allowed in transcribing the shorthand notes with a Typewriter. If the machine used by a candidate, however, goes out of order, an extra time will be given to him to compensate for loss of time while the machine is out of order and being put right.

At the end of the period allotted, candidates must give up both their shorthand and longhand performances to the Chief Superintendent for submission to the Examiner.

(ii) Instructions regarding the Examinations in Typewriting

Both at Madras and in the Mufassal.

1. Candidates in Typewriting will have to bring their own Typewriters, rulers, erasers and also the necessary carbon paper with them and must specify clearly on their answer papers the particular kind of machine used by them as otherwise, their answer papers will not be valued.

2. The following is the list of the names of Typewriters recognised for use in the examinations:—

The Remington, Remington Portable, New Model Remington No. 12, Yost, New Century, Smith Premier, Densmore, Empire, Underwood, Underwood Portable, Oliver, Armstrong, Standard Folding, Stearn's Visible, Sun Typewriter, Fox Visible, Salter, Victor Typewriter—Model No. 3 and No. 10, Monarch, Noiseless, Wood-Stock Standard, Royal Standard No. 10, Rex Visible, Mello, Mercedes, Demountable, Elite, British Empire Typewriter, Corona Portable No. 4, All-British Barlock Typewriter, Royal Portable, Mars, Kappel or L. C. Smith & Bros. machine.

Note.—Only one particular kind of machine should be used by the candidates throughout the examinations.

3. Seats and accommodation for the candidates:—

(a) Candidates will be permitted to bring with them for their use at the examination hall, their own tables, chairs or stools, if they choose, provided they take care to see that by so doing, they do not give room to the slightest disturbance being caused in the examination hall.

(b) The candidates will be allowed to take their seats in the examination hall five minutes before the appointed hour for the giving out the question paper and supplied with the necessary paper for answering and get their machines ready for work with paper inserted in them and to have their Register numbers at the left hand corner of their answer paper and the particular kind of Typewriter they use at the right hand corner, typed before the question paper is given to them.

4. Candidates are strictly told not to write anything on the question paper itself. Calculations or any other points they wish to note must be written on one of the blank sheets supplied to them and such sheets including the carbon papers should be left on the table. Further candidates are strictly warned not to take carbon copies more than what was required of them in the question paper.

5. The candidates will, if necessary, be examined *in batches*, but at least *every four* candidates for the Lower grade, at least *every two* candidates for the Higher grade, must have one machine among them.

6. Managers and Instructors of institutions concerned are expected to see that their pupils are supplied with Typewriting machines in proper working order.

7. Managers and Instructors will be allowed into the examination hall in the intervals between the various batches to inspect the machines and to remedy any defects. They should take care to see that they do not remain in the examination hall while the question paper is being distributed to the candidates in the examination hall or while their pupils are answering the question papers.

8. If, however, a candidate reports to the Superintendent that his machine has gone out of order, the Superintendent will intimate this to the Manager or Instructor, if he is waiting outside on the premises, and will permit such Manager or Instructor to enter the hall (though the candidates may be at work) to inspect the machine and to remedy the defect or to supply another machine. It must, however, be clearly understood that the Superintendent incurs no responsibility in this matter; his action will be purely *ex gratia*, the whole responsibility resting on the candidate and the Manager or Instructor.

A similar concession will be allowed in the case of a private candidate, if he has someone outside who is willing to inspect the machine and put it right, etc.

No extra time will be given to candidates to compensate for loss of time when the machine is out of order and being put right.

In the Mufassal.

Heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined should make the necessary arrangements with the Chief Superintendent concerned two days before the examination and furnish him with all the necessary information as to the number of candidates and machines and the time at which each batch will attend on the day fixed for the examination.

At Madras.

Lower Grade—Candidate's Hall Ticket. Tickets of admission specifying the particular batch (first or second and so forth) in which the candidates elect to appear will be issued on Thursday, the 4th December between 11 a.m. and 5 p.m. at the Office of the Commissioner for Government Examinations, Old College, Nungambakkam. These tickets should be shown at the entrance to the examination hall. Candidates who produce tickets will be admitted to the batch specified in the tickets. Candidates who do not provide themselves with tickets cannot claim to be admitted to any particular batch. They will be admitted only, if spare seats are available in the hall, i.e., after seats are reserved for those who have registered their names and obtained tickets for the batch. Candidates who do not hold tickets will accordingly have to wait at the entrance to the examination hall from the hour of commencement of the first batch and take their chance of being provided with seats in the first or in any subsequent batch. To avoid all inconvenience and possible disappointment, heads of institutions who are desirous that their pupils should be examined in batches and private candidates who desire to be similarly examined are particularly requested to call at the office on Thursday, the 4th December with all the necessary information as to the number and name of candidates that will attend at the particular batch on the day fixed for the examination and obtain tickets of admission accordingly. *No tickets can as any account be sent by post whether to heads of institutions or to private candidates.*

Candidates that have such a separate machine and that do not want to be examined in batches are expected to appear for their examination with the third batch for the Lower grade. But this does not preclude them from registering their names for that batch and obtaining tickets accordingly.

Candidates for the *Higher grade* may appear for the first or second batch at their option and *no tickets accordingly are issued for this grade.*

Instructor's Hall Ticket.—Managers or Instructors of institutions and other persons who wish to be allowed into the examination hall in the intervals between the examinations of the various batches to inspect the machines and remedy any defects, are requested to call at the office on Thursday, the 4th December and have their names registered. Tickets of admission specifying their names, the institutions to which they belong, etc., will be issued to them and these should be produced at the entrance to the examination hall.

Both at Madras and in the Mufassal.

(xi) Attention is particularly drawn to the following rules:—

1. No candidate will be allowed to enter the examination hall unless he wears a clean and decent dress, and in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination hall.

2. Candidates are expected to take their seats in the examination hall at least five minutes before the time fixed for giving out the question papers. No candidate will be allowed to quit the examination hall on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

3. No candidate will be allowed to re-enter the examination hall during the hours of examination after once quitting it, nor to leave the hall without finally giving up his answer papers.

4. Strict silence should be maintained in the examination hall.

5. *No candidate will, on any account, be allowed to take into the examination hall, slates, books, or portion of a book, ruled sheets, manuscripts or papers of any kind.* Any candidate detected in the violation of this rule or detected in speaking to, or in any way communicating with or copying from each other and to communicating with any other person outside the examination hall or having resource to any unfair practices will be sent out of the hall forthwith, and his conduct reported to the Commissioner for disciplinary action. The use of mathematical instruments for drawing figures or ruling lines will, however, be allowed.

6. Candidates are forbidden to note down the answer to any question on the question paper itself; they will not be allowed to take any papers, except their question papers, out of the examination hall.

7. Candidates are forbidden to tear up paper, or to throw ink or papers on the floor. All 'spoilt' copies, etc., should be left on the desk where the candidate has been writing.

8. Candidates may have to write their answers on both sides of the paper supplied to them and they will receive the necessary instruction on this point in the examination hall from the Chief Superintendent of the examinations.

9. No candidate will be allowed to exceed the time assigned to each paper.

10. As soon as candidates have finished writing their answers and wish to give up their answer papers, or at the end of the period prescribed for each particular part of the examination, each should rise from his seat and remain standing until one of the Superintendents has gone up to him and has received his answer paper from him. Any candidate wishing to ask any question of the Superintendent will pursue the same course but will on no account leave his seat.

11. Candidates whose names are not in the printed list furnished to the Chief Superintendent must submit a written declaration through the Chief Superintendent giving full particulars in regard to themselves *including their address*, and furnish such evidence as may be possible of their having applied for admission to the examinations at the proper time and paid the prescribed fees. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to no fault of theirs.

12. Candidates are requested to note carefully the particulars printed in the nominal list and satisfy themselves whether they tally with those as given by them in their applications for admission to the examinations, so that any alteration with regard

to their initials, name or class of community or any other correction that may appear necessary might be pointed out by them in writing to the Chief Superintendent.

13. Candidates choosing to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the memorandum or letter permitting the change should be produced for the satisfaction of the Superintendents.

14. The answer papers should be stitched or pinned together at the upper left hand corner, and the whole folded into *two*: lengthwise (not crosswise into four). The Register Number, the place of examination and also (in the case of the examinations in Shorthand, the particular system adopted) and (in the case of the examinations in Typewriting, the name and number of the Typewriter used) should be written out clearly by the candidates on the top right-hand side of the first page of the answer paper, as well as on the top of the paper after it is folded.

[N.B.—(1) Candidates are strictly forbidden to write or type their names on the answer papers.

(2) Candidates should distinctly understand that failure in furnishing any one of these particulars may involve the rejection of valuing their answer papers—particularly, any answer paper sent up without the candidate's Register Number as a name at centre will not be valued.]

15. *Any candidate who does not behave properly towards the Chief and Assistant Superintendents of the examinations or is suspected of having had recourse to malpractice of any kind is liable to have his examination invalidated and also to be debarred from appearing again for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the trustworthiness of his results, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or more of the subjects of the examination for which he appeared, his success or failure being determined on the results of such re-examination.*

16. Candidates are forbidden to communicate with the Examiners; should they do so, their answer papers will not be valued and further their conduct will be reported to the Commissioner for any action that he may deem fit.

17. No information can be furnished in regard to the results of a candidate in any subject or in regard to the marks obtained by him or in regard to the particular section or subdivision in which he may have failed. The names of successful candidates in each subject arranged in two classes, First and Second, will be published in the *Fort St. George Gazette*. The pass-list for each grade of a subject as published in the Gazette is complete and final. Applications from or on behalf of unsuccessful candidates asking for information as to the cause of failure or for a revaluation of the answer papers will not be attended to. No revaluation of answer papers is permissible.

For the repeated infringement of the stipulations of the contract or for other justifiable reasons he may also annul it recovering all losses

2. The wood has been classified and intending purchasers are advised to inspect the wood before the sale, as no alteration in the classification can be allowed after sale.

3. For convenience of sale, the wood has been arranged in classified lots. Each lot will be offered for sale separately and bids will be per ton of each lot.

4. The sale will be subject to confirmation by the Conservator of Forests, Fifth Circle, who does not bind himself to accept the highest, or any bid.

5 Before being allowed to bid, each intending bidder must pay an earnest money deposit of Rs. 1,000. If paid in cash, immediately before the sale, this should preferably be in the form of Madras notes for Rs. 1,000 or Rs 500. A receipted treasury chalan for the amount will also be accepted. In the case of intending bidders who have previously bought sandalwood from the Forest Department a cheque for the amount will be accepted, but the discretion to accept such cheques rests entirely with the officer conducting the sale.

6. The earnest money deposit of unsuccessful bidders will be returned immediately after the sale is finished, and that of successful bidders will be credited towards the first instalment of the purchase price.

7. Each purchaser shall, immediately a lot is knocked down to him, sign his name at the foot of the sale list, in the column provided for the purpose, and such signature will be held as an admission, on his part, of his having purchased that particular lot.

8. Immediately after the sale is finished, each purchaser, if his offer for any particular lot has been accepted by the Conservator of Forests, will be furnished with a memorandum showing the total amount due by him. He shall remit 50 per cent of this amount into the Imperial Bank of India at Coimbatore or Madras, on or before 15th January 1931 and shall similarly remit the balance on or before 15th February 1931; failing which the money already remitted shall lapse to Government, and the District Forest Officer will be at liberty to resell the wood in question at the risk of the original purchaser, who shall be liable for any loss, but shall not participate in any profit which may arise by the resale.

9. The purchaser, having paid the full value, must take delivery of the wood on or before 3rd March 1931

Refund of the value of deficit on account of drysge will be paid in due course. If he or his accredited agent does not attend on or before the date for the weighment of the sandalwood purchased, no further weighment will be made, and the weight recorded in the depot books (which is the weight recorded immediately after final chipping and that notified at the time of sale) must be accepted by him.

If however on reweighment an excess should be found over that recorded at the time of sale the excess value of the purchase sale should be paid for by the purchaser before removal is permitted.

10 On each purchaser's presenting to the officer in charge of the sandalwood depot, Satyamangalam (Range Officer, Satyamangalam), chalans as proof that the whole of his purchase has been paid for, it will be weighed in his or his agent's presence and the quantity handed over to him.

No further cleaning or classification of sandalwood will be undertaken by the Forest Department nor will purchasers be allowed to clean any wood previous to weighment. The classification, cleaning and weighment as determined by the Forest Department, must be accepted.

11. The purchaser will be allowed reasonable time, not exceeding one month from the date of delivery after weighment, to remove the wood. But after it has once been weighed and handed over, if the purchaser fails to remove all the wood within one month, demurrage will be charged at the rate of Re. 2 per ton per annum from the date of sale until the wood is finally removed.

12. No sandalwood shall be removed from the depot till a licence to remove it signed by the Officer of the Forest Department who delivered the wood, shall have been obtained and till every piece of sandalwood that can be stamped bears the Ranger's "Sale hammer" mark.

13. The officer conducting the sale shall be at liberty to stop the sale at any time without giving any reason to the intending purchasers.

14. The wood purchased by each purchaser shall be in the depot at the purchaser's risk from the date of sale until it is removed.

15 The contractor shall bear the cost of taking delivery of sandalwood.

(i) after the words "other expenses connected with its work" the words "including the travelling allowances of the Chairman and other members, the Secretary and the persons employed by the Commission" shall be inserted;

(ii) for the words "one thousand rupees per mensem", the words "seventy-five thousand rupees per annum" shall be substituted; and

(iii) after the proviso, the following proviso shall be inserted, namely:—

"Provided further that it shall be lawful for the Madras Legislative Council, on a demand duly made by the Local Government, to vote further sums for expenses connected with the work of the Commission."

Amendment of section 19, Madras Act XI of 1929.

5. In section 19 of the said Act, for the words and figures "in sections 5 and 6", the words and figures "in sub-section (1) of section 5 and in sub-section (1) of section 6" shall be substituted.

STATEMENT OF OBJECTS AND REASONS.

Under section 7 of the Madras Services Commission Act, 1929 (Madras Act XI of 1929), the Madras Services Commission was empowered to incur expenditure up to an aggregate sum of Rs. 1,000 per mensem on account of its office staff and contingencies. This amount was intended to enable the Commission to carry out those duties which are actually laid upon it by the Act, irrespective of any rules or orders issued by the Local Government and is inadequate for the full discharge by the Commission of all the duties which may be laid upon it by the Local Government under the Act; when the Madras Services Commission Bill was drafted, it was intended that further sums should be voted by the Legislative Council for such purposes as the holding of examinations the cost of which would ordinarily be covered by the fees levied from candidates. Such expenditure would depend on rules made by the Local Government regarding the recruitment to the various services. A doubt has however been expressed whether the Legislative Council can vote further sums for expenditure by the Commission in addition to the sums specified in the Act. The main object of the Bill is to empower the Commission to incur expenditure up to an aggregate sum of Rs. 75,000 per annum and to authorize the Madras Legislative Council to vote further sums, if necessary, for the expenses connected with the work of the Commission on a demand duly made by the Local Government, so that it will not be necessary to introduce an amending Bill every time the expenditure of the Commission is increased owing to an extension of the principle of holding examinations for admission to Government service or owing to other alterations made by the Local Government in the rules relating to the services.

BILL No. 11 OF 1930.

A Bill to provide for the control of traffic in Government roads.

Preamble. WHEREAS it is expedient to enable the Local Government to make provision for the control of traffic on Government roads; And whereas the previous sanction of the Governor-General has been obtained to the passing of this Act; It is hereby enacted as follows:—

Short title. 1. (1) This Act may be called the Madras Government Roads Traffic Control Act, 1930.

Extent. (2) It extends to the whole of the Presidency of Madras.

Definition of 'Government road'

2. In this Act, 'Government road' means any public road in the charge of the Local Government.

Power to make rules for the control of traffic.

3. The Local Government may, after previous publication, make rules to provide for the regulation or prohibition of traffic in Government roads or their reservation for particular kinds of traffic.

Penalty for breach of rules.

4. In making any rule, the Local Government may provide that a breach thereof shall be punishable

(*a*) with fine which may extend to fifty rupees and, in case of a continuing breach, with fine which may extend to fifteen rupees for every day during which the breach continues after conviction for the first breach, or

(*b*) with fine which may extend to ten rupees for every day during which the breach continues after receipt of notice from the officer empowered in this behalf by the Local Government to discontinue such breach.

STATEMENT OF OBJECTS AND REASONS.

The Tellicherry-Coorg and the Calicut-Mysore roads were taken over from the District Board of Malabar by the Public Works Department. In consequence, the by-laws for the regulation of traffic framed by the District Board of Malabar under the Madras Local Boards Act, 1920, ceased to have force over them. There is no law enabling the Local Government to frame rules for the effective control of traffic in these roads. The Bill is intended to confer on the Local Government the same powers of control of traffic in respect of roads in their charge as are conferred on the district boards under the Madras Local Boards Act, 1920, and on the municipal councils under the Madras District Municipalities Act, 1920.

BILL No. 12 OF 1930.

A Bill to amend certain enactments.

Preamble

WHEREAS it is expedient that certain amendments should be made in the enactments specified in the schedule; It is hereby enacted as follows:—

Short title.

1. This Act may be called the Madras Amending Act, 1930.

Amendment of certain enactments

2. The enactments specified in the schedule are hereby amended to the extent and in the manner mentioned in the fourth column thereof.

SCHEDULE.

(See section 3.)

AMENDMENTS

Year (1)	Number (2)	Short title (3)	Amendments. (4)
1929	VI	The Andhra University (Amendment) Act, 1929	For section 1, the following section shall be substituted, namely :— "1. This Act may be called the Andhra University (Second Amendment) Act, 1929."
1929	XVI	The Andhra University (Amendment) Act, 1929	For section 1, the following section shall be substituted, namely :— "1. This Act may be called the Andhra University (Third Amendment) Act, 1929."
1930	XII	The Andhra University (First Amendment) Act, 1929.	For section 1, the following section shall be substituted, namely :— "1. This Act may be called the Andhra University (Second Amendment) Act, 1930."
1930	XIII	The Andhra University (Third Amendment) Act, 1929.	For section 1, the following section shall be substituted, namely :— "1. This Act may be called the Andhra University (Third Amendment) Act, 1930."

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to make certain amendments of a formal nature in certain enactments which were passed in 1929 and 1930 to amend the Andhra University Act, 1925 (Madras Act II of 1926). The short titles of three of the Acts, Madras Acts IV of 1929, VI of 1929 and XVI of 1929, are the same, viz., the Andhra University (Amendment) Act, 1929. One of the Acts (Madras Act XII of 1930) is called the Andhra University (First Amendment) Act, 1929, and another (Madras Act XIII of 1930) the Andhra University (Third Amendment) Act, 1929; but, there is no Act called the Andhra University (Second Amendment) Act, 1929. This Bill removes all possibility of future ambiguity by suitable amendments of the short titles.
